

Your movement is plodding, your cardio is meh, but your damage-dealing potential is stupendous. You are very scary in the first round and become gassed out as the fight goes on. Try to finish your opponent in the first round!

You are a calculating counter fighter. Draw the opponent into attacking you, and use your Reacts to land and stay safe. Don't get drawn into long exchanges!

You are a gliding, elusive, and frustrating Show Boat. You can move with grace around the ring, and your years of Macarena have left you with very powerful attacks. You come into your own when you find your "Groove" and overwhelm your opponent with your accumulated confidence.
